

## DLFL-008

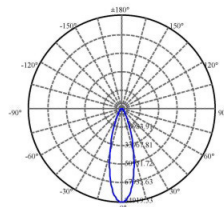

229

539

552

### Light pattern

## Description 简述

|                           |                                                                                    |
|---------------------------|------------------------------------------------------------------------------------|
| Fixture body(灯体) :        | Die-cast aluminium.                                                                |
| Optical system (光学部件) :   | Special light distribution lens.                                                   |
| Mounting bracket (安装支架) : | Aluminum alloy plate with powder coating paint.                                    |
| Finishing (表面喷塑) :        | Surface anti-ageing electrostatic spray processing, super resistance to corrosion. |

### 基本性能 Characteristics:

| 类别 Performance                          | DLFL-008      |
|-----------------------------------------|---------------|
| 防护等级 Safety type                        | IP65          |
| 外壳防腐性能 Housing's anti-corrosio property | Class II      |
| 防触电保护等级 Electric shock-proof rating     | Class I       |
| 工作环境 Working environment                | -35°~+45°C    |
| 功率及光源 Available power                   | 500W LED      |
| 额定电压 Rated voltage                      | AC 110V-277V  |
| 产品尺寸 Product size                       | 539*552*229mm |
