

## DLWL-006

**Rated Voltage (额定电压)** 220V/50Hz

**IP Rating (IP 等级)** IP65

### Lighting (灯盘)

Optics (光源)	LED
Wattage (功率)	160w
Life Span (使用寿命)	50000h

### Generator (发电机组)

Rated Output Voltage (额定输出电压)	AC220V
Max Output Wattage (最大输出功率)	1000W
Capacity (燃油箱额定容量)	10L

### Telescopic cylinder (伸缩汽缸)

Min Height (最小高度)	1200mm
Max height (最大升起高度)	3000mm

### Working Hours (工作时间)

Commercial power (市电供电)	Any time
Full Fuel (发电机组一次注满燃油)	6h

### Overall Size(外形尺寸)

lighting+Pole (灯盘+灯杆)	700x200x300mm
Generator base(发电机底座)	520X420X500mm

### Weight (重量)

Fixture weight	12kg
Telescopic cylinder	3kg
Generator	32kg

## Description

1. Tower light powered by gas engines.
2. Tower light features at low oil consumption, stable performance, easy maintenance  
Lamp pole max height is 3 meters and can adjust for the angle.
3. Normally used for night construction and other field operation in the sectors of municipal engineering, road, bridge, port, mining and construction etc.
